		220824 WG3 after AMI Conf. 2022 <u>General suggestion and comment</u> A regular exchange once every three months in a Zoom conference with the members of this group is needed in order to plan concrete projects more intensively, to exchange ideas and to sufficiently advise the President and Secretary General on ongoing issues. Therefore, regular contact with the new members of this group should be fixed once a quarter and each should be represented by a spokesperson or group leader (hand over take over from one nation to the other). Members of the Board for quarterly discussion on Zoom Conference: to Install as Working Group by General Secretariate:				
QD-2		Strategic communication on military ethics issues	220824 WG3 after AMI Conf. 2022 QD 2: Dialogue with the Orthodox: This was discussed three years ago, but now an intensification of the dialogue is really necessary, also because of the Ukraine conflict. AMI should also invite representatives of Orthodoxy to the meeting next year, who could comment on the conference theme or specifically on a problem from the perspective of Orthodoxy. The cooperation among the military chaplains of different denominations and religions should be strengthened (example Kenya), where this cooperation takes place regularly also among the soldiers. Several chaplains appear together before a group of soldiers and speak on various topics from their point of view. The question especially concerns the design of interfaith liturgies and also a possible establishment of mental health teams through cooperation with psychology.	Dr. Harald Tripp	Task to be reviewed during the AMI Conference in London 2022. Dr. Harald Tripp is expected to present the task. WHAT IS THE FOLLOWUP NOW?	Paragraph 1.b. and 4.b.

AMI Action Plan 3.1

As at October 22, 2022

<p>QD-3 + QD-5</p>		<p>Strategic communication on military ethics issues</p> <p>Dialogue with Protestants: No religious dialogue [could/] should be conducted with Protestants, but cooperation and collaboration should be sought on selected topics and events. This cooperation should not be limited to the Protestant faith community, but should be extended to all Christian communities, and above all to the Orthodox. (Multi-confessional approach) No fundamental faith questions / differences should be discussed; the cooperation should be limited to purely military / military-ethical problems.</p>	<p>220824 WG3 after AMI Conf. 2022 QD3+QD5: The cooperation with the Protestants of MMI planned on the conference in Reichenau 2019 could be deepened through joint invitations, simply through events that make it possible to get to know each other better, to deepen contact, since the problems are similar with regard to the Protestants. Strategic questions are in the foreground here with regard to the secularization of society and speaking in a common language without proselytism. We need to reflect on what unites us as Christian denominations, talk less about what divides us. A separate dialogue should be planned with Muslims, priority is given to Christian ecumenical dialogues at AMI Conference level. Dialogue with liberal humanists is rather discouraged. In all these discussions, it should be remembered to work out a common basis in view of the present situation and view of the world.</p>	<p>WHO WILL TAKE ACTION? WE AS AMI EC CANNOT DO THIS ALONE</p>	<p>????</p>	<p>Paragraph 1.b. and 4.b.</p>
<p>QD-4</p>		<p>Strategic communication on military ethics issues</p>	<p>220824 WG3 after AMI Conf. 2022 QD4: As a result of the Ukraine conflict, Pax Christi has become cautious in speaking about the situation of the war. Answers to many questions are missing. Reflection on the meaning of the doctrine of just war has shifted in recent years. So Pope Francis always speaks of non-violence in connection with the protection of human rights. In general, human rights often seem to be understood as a Western civilisation project that is not accepted by many countries. Reflection and processing of the topic of just war and ethics of conflict escalation must be further deepened. Lines of argumentation for an „ethic of non-violence“, which</p>	<p>AMI EC</p>	<p>AMI Pres can link up with Pax Christi in Brussels</p>	<p>Paragraph 1.b. and 4.b.</p>

			<p>nevertheless legitimises the necessary use of weapons in self-defence. A pastoral letter from the Pope to the military should therefore also be requested from the Holy See for the 40th anniversary of Spirituali militum curae in 2026.</p> <p>A dialogue with Pax Christi at different levels, internationally and nationally, is also suggested. Some groups are more pacifist, others also seek dialogue with a view to the possibility of a just defence. Positions should be clarified and discussed with a view to a possible common basis for dialogue, especially the question of human rights and their validity in the Western world as well as their rejection by some other countries should be addressed and deepened.</p>			
QD-6	4	Define concrete topics to be discussed (topics come from Strategic Advice)	<p>220824 WG3 after AMI Conf. 2022</p> <p>Q6: Topics:</p> <ul style="list-style-type: none"> - Covid-Living in situations of distance: Spiritual mental health-Online consultations, how can this look like if consultations are also possible by soldiers via Zoom or via telephone services, which are obviously gladly accepted. - Military service and family: the deployments and the service make life in the military very difficult for many, the reconciliation of family and work is an issue that flares up again and again, to which AMI should attach even more importance In this context, also the question of specific marriage preparation, as many marriages become fragile. 	AMI EC	To be discussed with the Belgian organizing committee	Paragraph 1.b. and 4.b.
