		<p>220824 WG3 after AMI Conf. 2022</p> <p>General suggestion and comment</p> <p>A regular exchange once every three months in a video-tele conference with the members of this group is needed in order to plan concrete projects more intensively, to exchange ideas and to sufficiently advise the President and Secretary General on ongoing issues. Members of the Board for quarterly discussion on video-tele Conference: to Install as Working Group by General Secretariate:</p> <p>We will follow this guidance and consider to have the first virtual WG3 meeting in the 1st week of July. This 1st meeting serves to get to know each other and for initial agreements on the goals and content, as well as the further procedure of the WG. The plan is to hold a second meeting shortly before the AMI conference, which will already deal with a specific topic. If this is not possible, the working group time in Kenya must be used to define very specific work steps, backed up with deadlines.</p>						
QD-2		<p>Strategic communication on military ethics issues</p> <p>Dialogue with the Orthodox</p> <p>220824 WG3 after AMI Conf. 2022</p> <p>QD 2: Dialogue with the Orthodox: This was discussed three years ago, but now an intensification of the dialogue is really necessary, also because of the Ukraine conflict. AMI should also invite representatives of Orthodoxy to the meeting next year, who could comment on the conference theme or specifically on a problem from the perspective of Orthodoxy.</p>	<p>WG3 new update as at 15 June 2024</p> <p>We suggest deleting this task as continuous dialogue with other Christian Lay organizations should take place on an ongoing basis and be realized by the AMI presidency. We do not see it as our task as WG to initiate these contacts. From our point of view, this task clearly lies with the Executive Committee.</p> <p>As WG leaders, we see it as our task to maintain existing contacts at the working level and to jointly develop concrete proposals for joint action, joint statements and joint activities and to provide them with an organizational framework. The members of MMI (and eventually the brotherhood too in future) who are active in the WG are of great importance for this.</p> <p>We see the conference in Kenya with the multi-religious practice practiced in Kenya</p>	<p>AMI EC reply dated 18 June 2024.</p> <p>This task was initially raised by Don Harald and Prof. Fred as they were in touch with Orthodox community. If you propose to cancel it then I'd suggest discussing it during the above-mentioned VTC and back-brief to the GA in Kenya. As regards "multi-religious practice practiced in Kenya" "by inviting relevant people to exchange information during the conference", please take into account that everything has</p>	<p>Task to be reviewed during the AMI Conference in London 2022.</p> <p>Dr. Harald Tripp is expected to present the task.</p> <p>WHAT IS THE FOLLOWUP NOW?</p>	<p>Paragraph 1.b. and 4.b.</p>

			as an opportunity. In many AMI member countries, there is hardly any experience in the area of multi-religious cooperation in the military. We ask that information about this be provided during the conference in Kenya and that we can gain experience with it, i.g. by inviting relevant people to exchange information during the conference.	already been arranged since several months. Therefore, this time it is what it is.		
QD-3 + QD-5	Strategic communication on military ethics issues Dialogue with Protestants: No religious dialogue [could/] should be conducted with Protestants, but cooperation and collaboration should be sought on selected topics and events. This cooperation should not be limited to the Protestant faith community, but should be extended to all Christian communities, and above all to the Orthodox. (Multi-confessional approach) No fundamental faith questions / differences should be discussed; the cooperation should be limited to purely military / military-ethical problems. <i>220824 WG3 after AMI Conf. 2022</i> QD3+QD5: The cooperation with the Protestants of MMI planned on the conference in Reichenau 2019 could be deepened through joint invitations, simply through events that make it possible to get to know each other better, to deepen contact, since the problems are similar with regard to the Protestants. Strategic questions are in the foreground here with regard to the secularization of society and speaking in a common language without proselytism. We need to reflect on what unites us as Christian denominations, talk less about what divides us. A separate dialogue should be planned with Muslims, priority is given to Christian ecumenical dialogues at AMI Conference level. Dialogue with liberal humanists is rather discouraged. In all these discussions, it should be remembered to work out a common basis in view of the present situation and view of the world.	WG3 new update as at 15 June 2024 We suggest deleting this task as continuous dialogue with other Christian Lay organizations should take place on an ongoing basis and be realized by the AMI presidency. The cooperation with MMI is given as they are members of the WG3 and taking part in the AMI Conferences. MMI is asked to bring the Protestant-specific concerns into the discussion of WG3. As a military organization, a dialogue with Islamic organizations seems to make little sense to us now	WHO WILL TAKE ACTION? WE AS AMI EC CANNOT DO THIS ALONE	????	Paragraph 1.b. and 4.b.	
QD-4	Strategic communication on military ethics issues <i>220824 WG3 after AMI Conf. 2022</i>	WG3 new update as at 15 June 2024	AMI EC	AMI Pres can link up with Pax Christi in Brussels	Paragraph 1.b. and 4.b.	

		<p>QD4: As a result of the Ukraine conflict, Pax Christi has become cautious in speaking about the situation of the war. Answers to many questions are missing. Reflection on the meaning of the doctrine of just war has shifted in recent years. So Pope Francis always speaks of non-violence in connection with the protection of human rights. In general, human rights often seem to be understood as a Western civilisation project that is not accepted by many countries. Reflection and processing of the topic of just war and ethics of conflict escalation must be further deepened. Lines of argumentation for an „ethic of non-violence“, which nevertheless legitimises the necessary use of weapons in self-defence. A pastoral letter from the Pope to the military should therefore also be requested from the Holy See for the 40th anniversary of Spirituali militum curae in 2026. A dialogue with Pax Christi at different levels, internationally and nationally, is also suggested. Some groups are more pacifist, others also seek dialogue with a view to the possibility of a just defence. Positions should be clarified and discussed with a view to a possible common basis for dialogue, especially the question of human rights and their validity in the Western world as well as their rejection by some other countries should be addressed and deepened.</p>	<p>We propose deleting the previous formulations and replacing them with the following more specific considerations:</p> <ul style="list-style-type: none"> • The topics of ‘Just War’ and ‘Just Peace’ are becoming increasingly important - also in view of the increasing military conflicts in the world. • WG 3 will take this as an opportunity to take a closer look at the content of these issues and to develop a program that will enable AMI members to receive training on this topic in a simple way. The goal must be: <ul style="list-style-type: none"> ○ imparting basic knowledge ○ Achieving the ability to engage in discussions with regard to the ethical training of their own soldier • At present, we do not consider it expedient to enter into a dialogue with Pax Christi. In view of limited resources, other tasks are more urgent and more promising. • 40th anniversary of Spirituali militum curae in 2026: The AMI Presidium is asked to liaise with the military bishops of our member nations in this regard, with the aim of a concerted request from the military bishops to the Pope for such a letter. 			
QD-6	4	<p>Define concrete topics to be discussed (topics come from Strategic Advice)</p> <p>220824 WG3 after AMI Conf. 2022 Q6: Topics: – Covid Living in situations of distance: Spiritual mental health- Online consultations, how can this look like if consultations are</p>	<p>WG3 new update as at 15 June 2024</p> <p>QD6 represents a conglomerate of topics that cannot be dealt with in this form by WG3. We therefore propose replacing this point with a list of topics in which the topics that WG 3 would like to address are listed.</p>	AMI EC	To be discussed with the Belgian organizing committee	Paragraph 1.b. and 4.b.

		<p>also possible by soldiers via Zoom or via telephone services, which are obviously gladly accepted. –Military service and family: the deployments and the service make life in the military very difficult for many, the reconciliation of family and work is an issue that flares up again and again, to which AMI should attach even more importance. In this context, also the question of specific marriage preparation, as many marriages become fragile.</p>	<p>The list below can then be used as a starting point for the specific work steps of WG 3. We propose following topics to be discussed and worked out:</p> <ul style="list-style-type: none"> • Just War/Just Peace • Application of international humanitarian law in modern warfare • Ethical challenges in the use of lethal unmanned systems (e.g. drones) • Use of weapons of mass destruction - attitude of Catholic soldiers towards their use (even if they are not banned like nuclear weapons) • Possibilities and opportunities of Christian religions in strengthening peace • Military chaplaincy and family - religious and social strengthening • Spiritual mental health-Online consultations <p>We propose to start with the Just War / Just Peace topic and will discuss the priority ranking in Kenya. Each topic should be discussed during several online WS and WG3 will prepare a document to support WG1 and for the use of Nations to apply it in the national religious education of soldiers, to break it down to different levels and to make it available to military chaplains.</p> <p>Additionally, we propose to organize to each topic a virtual Online evening (possibly regional according to the different time zones) with high-ranking panelists, e.g. military bishops / politicians, etc., but as an AMI event with AMI presidency in charge.</p> <p>In addition, the aim is to achieve the ability to speak and make statements in response to external enquiries at AMI level and for AMI to consolidate its position as a competent dialogue partner. To this end, AMI should endeavor to offer and establish itself as an interface in the field of peace ethics between ethicists and military practitioners.</p>			
<p>QD-7</p>		<p>AMI Conference Themes</p>	<p>WG3 new update as at 15 June 2024</p>	<p>AMI EC reply dated 18 June 2024.</p>		

			<p>We suggest that the WG3 times at the conferences should be used primarily for the discussion of topics for the next conference and proposed to WG 1. At the end of the conference, the topic for the next conference will be communicated to the EC. This topic should then be worked on and specifically prepared by the nations. If necessary, individual tasks can be assigned to other WGs or nations.</p> <p>Theme proposal to discuss for the next Conference in the Philippines: <i>„What conditions must be met in order to be able to justify an armed military operation in terms of Christian/Catholic ethical values?“</i></p> <ul style="list-style-type: none"> • We ask you to discuss our proposals and either agree or amend/add to them. • After approval we will invite to the first WG3. <p>Our proposal is that we send the VTC link to the Secretary General and he forwards it to the member countries.</p>	<p>Please take into account that the theme for the Philippines has already been defined and, as a matter of fact, it is at an advanced stage of preparation. It will be presented by the Filipino Delegation during the AMI Conference in Kenya. I'd suggest discussing this topic first internally to WG3 and then in front of the General Assembly, as this decision will affect the hosting Nation that has to provide the right speakers</p>		
QD-4		<p>Strategic communication on military ethics issues</p> <p style="text-align: center;">passed with task QD-4</p>	<p>Dialogue with Pax Christi: Prof. Dr. Fred van initiate and lead the Christi</p>	<p>Prof. Fred van Iersel</p>	<p>Task to be reviewed during the AMI Conference in London 2023. Prof. Fred van Iersel is expected to present the task.</p>	
QD-3		<p>Strategic communication on military ethics issues</p> <p style="text-align: center;">passed with task QD-3+QD-5</p>	<p>Dialogue with Protestants community: MAJ (ret) David BALDWIN (UK) will use the British contacts to the Protestant faith community, above all to MMI, and will make available as a liaison man.</p>	<p>Maj David Baldwin</p>	<p>Task to be reviewed during the AMI Conference in London 2023. Maj David Baldwin is expected to present the task.</p>	

			<p>Theme proposal to discuss for the next Conference in the Philippines: <i>„What conditions must be met in order to be able to justify an armed military operation in terms of Christian/Catholic ethical values?“</i></p> <ul style="list-style-type: none"> • We ask you to discuss our proposals and either agree or amend/add to them. • After approval we will invite to the first WG3. • Our proposal is that we send the VTC link to the Secretary General and he forwards it to the member countries. 			
QD-1	1	<p>WG3: proposed to write “Declaration of London 2020”. Now “2021”</p> <p style="text-align: center;">COMPLETED</p>	<p>Small group (Prof. Fred van Iersel; Sqn. Ldr.
